

Holiday Wish List

We need your help to make the holiday season magical for the families we serve.

The Holiday Shop helps families celebrate the season without the stress of shopping. Thanks to generous community donations, families staying at the Ronald McDonald House can choose gifts for their loved ones at no cost. Open mid-December through New Year's, the shop is also available in a mini version at the Ronald McDonald Family Room at Essentia Health. Our goal is to help families focus on what matters most: their child's health and healing.
